FORMATTING POSTER

Example Sections

✓ Project Objectives and Goals

✓ Background

✓ Methods & Procedures (can use "Experimental", "Numerical", or "Analytical")

✓ Data and Results

✓ Conclusions

✓ Future Studies / Recommendations

✓ Acknowledgements

✓ References

✓ The sizes of the section boxes can be adjusted as needed.

✓ Use illustrations and/or figures to help elucidate points and expand on the written material.

Poster Heading

Include the poster title, authors list, and affiliation(s). Use superscripts to annotate affiliation(s). The first author SHOULD be the presenting/registered student. Typically, a title font size is 72 pts with maximum of 3 lines.

Your abstract was assigned a 5-digit paper number. Insert the paper number (replace xxxxx) in the template toward the upper right corner below ASME logo. Moreover, please add the Poster Number (replace #), the Track Title (replace yyyy) and Track Number (replace Y), along with the Topic (replace zzzz) and Topic Number (Z). (Font size 44 pt.)

Project Objectives and Goals

Describe your project (font size 32pt.)

Background

Describe author background (font 32pt.)

Methods and Procedures

Can use "Experimental", "Numerical", or "Analytical" if desired

All posters are suggested to be 48-inches wide by 36-inches high, as used for this template.

Conclusions

Describe your research findings and summarize your conclusions (font size 32 pt.)

Future Studies/Recommendations

Describe or itemize near-term future studies or recommended future work (font size 32 pt.)

Acknowledgements

List individuals or agencies that you wish to thank
Provide funding information

References

All references should be in the following format (font size 20pt.)

[1] Citations List, use Digital Object Identifiers (DOIs) when possible

SAMPLE LAYOUT

Standard Poster Layout

Title (max font size at 72; back-strip blue)
(maximum 3 lines)

University Logo

Other Affiliation Logo(s)

First Author, Additional Author(s)
Department Name, University Name

CONF20XX-xxxxx

Project Objectives and Goals

Describe your project objectives and goals here (font size 32 point)...

Background

Describe your background here... (font size 32 point)

Methods & Procedures

The following describes example directions for a TRADITIONAL POSTER FORMAT
(see next page for ALTERNATIVE POSTER FORMAT)

1. All posters are suggested to be 48-inches wide by 36-inches high, as used for this template.
2. Include the poster title, authors list, and affiliation(s). Use superscripts to annotate affiliation(s). The first author SHOULD be the presenting/registered student. Typically, a title font size is 72 pts with maximum of 3 lines.
3. Your abstract was assigned a 5-digit paper number. Insert the paper number (replace xxxxx) in the template toward the upper right corner below ASME logo. Moreover, please add the Poster Number (replace #), the Track Title (replace yyyy) and Track Number (replace Y), along with the Topic (replace zzzz) and Topic Number (Z).
4. Example sections are as follows:
   - Project Objectives and Goals
   - Background
   - Methods & Procedures (can use "Experimental", "Numerical", or "Analytical" if desired)
   - Data and Results
   - Conclusions
   - Future Studies / Recommendations
   - Acknowledgements
   - References
5. The sizes of the section boxes can be adjusted as needed.
6. Typically, heading fonts are Arial 44 pt and body text fonts are Arial 32 pt, except publication and reference lists in Arial 20 pt. Use large fonts so audience can read quickly and easily.
7. Use illustrations and/or figures to help elucidate points and expand on the written material.

Data and Results

Conclusions

Describe your research findings and conclusions (font size 32 point)

Future Studies / Recommendations

Describe or itemize near-term future studies or recommend future work (font size 32 point)

Acknowledgments

- Authors like to thank XXX for funding this research
- Other acknowledgments

References

[1] Citations List, use Digital Object Identifiers (DOIs) when possible

Typically, heading fonts are Arial 44 pt. and body text fonts are Arial 32 pt., except publication and reference lists in Arial 20 pt. Use large fonts so audience can read quickly and easily.

Alternative Poster Layout

Notes for authors:

The following describes example directions for an alternative poster. The goal is less text and more eye-catching information that is readily digested by the audience.
